PROJECT STATUS REPORT

Project Name	ENSE871_Project
For Week Ending	March 08, 2024
Project Status	Red
Status Description	● Slow pace but we are successfully designing the website as we showed in our prototype. ● We misunderstood the client's requirements and we are heading south right now.

Activities—During the Past Week

- All four team members had been working on design elements.
- Jay and Drashti were working on the Connections / Group Page. Working on Infographics element.
- Purvesh and Sara were working on Landing Page.

Activities—Planned for Next Week

- Planning to deliver the complete Landing Page, User Profile Page.
- Start working on Search Pages.
- Moving all static data to dynamic data.

Project Issues

- No Issues

Project Changes

- Updated USM
- Added Landing Page
- Added Connection / Group Page
